Sneha Jadhav

Senior Product Designer at CSA Group
Toronto, Ontario, Canada

Summary

Hi, my name is Sneha and my two greatest passions in life are technology and people; this brings me to the world of User Experience. I love challenges and I am skilled at mastering new knowledge and adapting to new environments.

I am Toronto based designer with 5+ years of experience. I am seeking a position as a UI/UX or Product designer where I can apply, develop and consolidate my skills in the areas of branding, digital design and art direction.

You can reach out via this profile or snehaj382@gmail.com.

Experience

CSA Group

5 years 1 month

Senior Product Designer

October 2025 - Present (1 year)

Product Designer

September 2021 - Present (5 years 1 month)

Toronto, Ontario, Canada

- Applying UX/UI design patterns to make CSA Advantage mobile and desktop application more user-friendly and visually appealing.
- Working closely with stakeholders to understand the business requirements to simplify the user flow.
- Successfully led and managed critical projects pivotal to the Standards Digital Transformation, with a strong focus on user-centric design and data-driven insights.
- Elevated brand perception and visibility by taking the helm as the UX Lead, spearheading a comprehensive brand identity transformation.
- Leading a project focused on the development of the CSA Design System, setting the framework and standards for cohesive design throughout the organization.
- Conducted exhaustive UX research, encompassing thorough testing, market analysis, and the creation of intuitive design flows and prototypes.

- Augmented CSA Group's visual identity through logo and identity updates, all while emphasizing accessibility (WCAG) in interfaces, resulting in a consistent and impactful influence on the business.
- Led comprehensive product research through user interviews, journeys, and focus groups, playing a significant role in increasing brand prominence.
- Orchestrated the complete design lifecycle, orchestrating the journey from initial concepts to final prototypes. Maintained an unwavering commitment to design excellence in collaboration with cross-functional teams and seamlessly integrated uniform design patterns within the primary design system.
- Championed a culture of design collaboration and the adoption of best practices, culminating in a significant amplification of brand visibility throughout various projects.

Travel Discounters

Product Designer

January 2021 - August 2021 (8 months)

Toronto, Ontario, Canada

- Improved the user experience of a website by conducting user research which boosts the business by 80%.
- Applied UI design patterns to make main website visually appealing compared to other travel firms.
- Developed the internal portal for sales agents to reduce their time and effort to send requested clients' quotes.
- Involved in crucial business decisions to update product services which increased the profit margin by roughly 50%.
- Responsible for initiating social media footprint by designing and posting new offers on Instagram/ Facebook to increase client exposure.
- Taking initiatives to increase the accessibility of the website as the majority of the target audience is senior citizens.
- Working on creating the design system for the company to make the design components more unified.
